What is FSC®?

Sustainability is incorporated into all our core values at Alexander Rose. An example of our commitment can be seen on the tick tree logo found on all our wooden furniture, as awarded by the FSC® (Forest Stewardship Council®). Their small but mighty symbol represents the responsible forestry behind every piece of our garden furniture within our beautiful timber ranges.

For our wooden products to carry the FSC® label, the forests from which we source our timber must meet stringent criteria, including compliance with all applicable laws & regulations, the well-being of all workers, rights of ownership for all indigenous people and the commitment to restoration of ecosystem services.

We source sustainable materials and work with factories that demonstrate fair and appropriate employee conditions. Wherever possible, the waste generated from our production process is recycled and our products aren't unnecessarily over packaged.

It's important for us that we prioritise our environmental and ethical responsibilities, both now and for the future, and for us, being FSC® certified is an important part of that ongoing commitment.

Bolney

5 Year Warranty*

Our Bolney range showcases beautiful, strong timber garden furniture, made from Acacia. This dense hardwood is a rich brown colour, with an attractive marbled grain.

There is a slatted style swing seat to harmonise with the bench and chair design. The stylish backless bench, when paired up with the rectangular dining table makes the perfect picnic set. The Bolney Bar set consists of a slatted style bar, a high table with stools, giving you all the support you need to raise the bar with your mates, over a glass or two!

This timber is extremely durable - so you can be confident it'll last for many years to come, even with the good old English weather. We recommend treating annually with our Timber Treatment to nourish the wood and maintain the original colour for longer.

Beautiful Figurative Grain

We have hand selected every piece of timber to ensure each piece of furniture in the Bolney range has a unique and distinctive finish which highlights the striking marble effect grain. The timber is sanded by hand to give a super smooth finish.

Albany

5 Year
Warranty*

Albany is a mini-series of some of our most iconic traditional benches over our three-decade foray into garden furniture.

The benches are made from dark Acacia, which is a dense durable hardwood, also known as Pheasant wood. It has exotic grain patterns, making each piece unique and extremely eye-catching. Understandably, your friends may expect to be entertained with a banquet!

Sorrento

10 Year
Warranty*

Invite your imagination on a journey to this beautiful Southern Italian peninsula, where you're sipping Limoncellos and snacking on olives and nuts, and before too long realise that you are in fact in your own garden enjoying the most luxurious of all of our garden furniture, the Sorrento.

This premium range has been a real success with our customers, which is why we've now introduced a dining set to the collection, alongside the award winning existing lounge set.

Using FSC® 100% quality Teak sourced from sustainable forests in Brazil, it's incredibly hard wearing and durable and will weather and age beautifully over time. You also get a 10 year warranty with all Teak products.

We supply easy to use waterproof shower-cap covers to slip over the cushions when not in use.

International Design Award

Our in-house designers of the Sorrento Lounge were the proud winners of an International Design Award in 2021. Key to the success was the material selection, along with the form of the modules and acute attention to detail.

Plank

10^{Year}
Warranty*

Our Plank range signifies strength, simplicity and practicality. Using tried and tested construction methods to create very striking, bold pieces of furniture.

The tables come in 2.4m and 3.0m and the Teak top is made using 5 hand-selected planks, picked for their consistent colour and grain. The stretcher rail locates into the cross frames with a locking peg – a traditional joinery detail with a modern twist.

The benches are 1.2m long and can sit alongside the table, or as a standalone bench. Our favourite set up is to pair the table with 2 benches on one side, sitting opposite either our San Marino, Monte Carlo or Cordial woven armchairs.

Plank is a range for those who love excellent quality furniture which makes a real statement.

Dana

10 Year
Warranty*

The ever-increasing appreciation for Danish design has led us to increase our offering for our durable Teak, Dana dining sets. The design team have come up with two new tables that will certainly wow your dinner guests!

The 2.15m, 6-seater rectangular boat shape table, fits nicely between the 1m, 4-seater and 2.7m, 8-seater, and the 1.4m round table, is a generous 4-seater and can easily take 6 people is required. These four dining table choices all look stunning with the Dana dining chair, for a fantastic Scandinavian Smorgasbord!

Oozing Danish Heritage

The Dana seat pad is woven from a durable outdoor rope. With reference to traditional paper-cord weaving seen on Danish classics, the natural cord offsets the Teak, giving the chair visual harmony and balance.

Inspired Craftmanship & Sophistication

The clean lines and simple silhouettes of this collection make for very contemporary and elegant garden furniture, which looks beautiful on any patio or terrace.

Roble

10 Year
Warranty*

If you're after clean and unfussy garden furniture, with an emphasis on natural materials and quality craftsmanship, which also scores highly in terms of durability, look no further.

Roble has an expected lifespan of 25. If left to age naturally, your garden furniture will slowly turn a beautiful silvery-grey colour. Or, if you're keen to preserve the colour, it can be treated with the Alexander Rose Colour Protector. Follow with Timber Shield to create a protective barrier against water and moisture.

Pine

3 Year Warranty*

Pine offers both quality and affordability in equal measures. It's classic, familiar and functional, and includes an adorable 2 foot children's picnic table!

This range is known for its practicality, and space-saving designs. All of the products are made from Pine which has been sourced from responsibly managed forests in Eastern Europe. The Pine has been treated to make it suitable for outdoor use, all year round. In time, these products will turn an ashy silver / grey. We recommend applying a softwood preserver annually.

Alexander Rose hardwood parasols are operated using a pulley and locking pin system. Simply pull the rope down to raise your parasol up to the desired height and place the brass pin in one of the pole holes to secure.

To lower the parasol remove the locking pin and slowly let the rope pass through your hands until the canopy is folded.

We recommend that the parasol is not left up in windy conditions. It is essential to use an Alexander Rose base to add stability.

Round Parasol with Pulley 3.5mØ

code: UPT35

A twist on our classic hardwood parasol which has the same trusted pulley and locking pin system.

What's different about this parasol is the addition of faux leather patches covering the canopy's tips to reinforce the material.

The thickness of the parasol's pole has been increased and has a single central pole making for an all-round sturdier parasol.

We recommend that the parasol is not left up in windy conditions. It is essential to use an Alexander Rose base to add stability.

Cantilever Parasols

Cantilever Parasol 3.5mØ

code: UH35

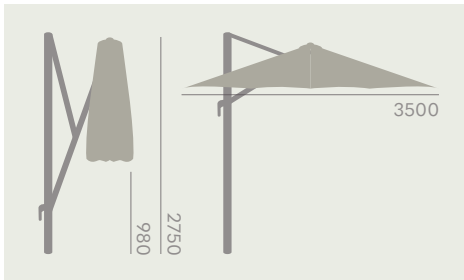

Charcoal Taupe Ecrú

Comes with night cover

Our elegant cantilever parasols can be positioned to provide maximum shade. They appear to float above the furniture and can be manually rotated to follow the sun.

They are free standing, which allows you to position the furniture underneath rather than around a central pole as with conventional designs. The crank mechanism enables effortless use.

The parasols are made using lightweight durable polyester fabric which is water resistant and easy to clean. To clean your parasol we advise that the fabric is kept attached to the frame. For best results use a soft brush or broom and warm soapy water. For stubborn stains the canopy can be removed and washed at 30°C. Once washed it is important to put the canopy back on the frame to dry.

UH35

The UH35 is an 8 spoke 3.5m cantilever parasol. The easy crank mechanism makes raising and lowering one smooth movement. The canopy

can be adjusted into 7 positions to give maximum shade from the sun. Use with our UHGB90 granite base. The UH35 comes with a night cover.

UHP

The UHP parasol is easy to operate with a simple handle and lock mechanism.

To rotate the parasol simply unlock the handle and move into the desired position, and then lock the handle to secure.

The UHP can be easily bolted to an Alexander Rose UHGB50 granite base. To be used with a FC17 cover.

UH30

The UH30 is an 18 spoke curved 3.0m cantilever parasol.

It's easy to raise and lower the canopy with a crank handle mechanism.

The canopy can be adjusted into 7 positions to give maximum shade from the sun.

For use with the UHGB90 granite base. Comes with a night cover.

The composite base is for use with parasols being used through the centre of a table.

It has 2 locking handles on the stem of the base to secure the parasol in place, minimising movement.

The UHGB50 base is designed to be used with the UHP range of cantilever parasols.

It has convenient small wheels, allowing the base to be moved along a flat surface easily.

The UHGB90 base has been designed to be used with the UH35, UH30 and UH30S.

The UHGB90 has locking wheels, allowing the base to be moved along a flat surface easily. The wheels lock in place to prevent any movement when not in use.

Polyester Small Cushion Bag

code: FC16

H 500 W 1200 D 370

The small cushion bag is designed for seat pads and recliner cushions, it will also hold several scatter cushions. All of our bags are weather resistant. We recommend storing cushions in the bag in a dry place when not required.

Ripstop Large Cushion Bag

code: FC23

H 800 W 1800 D 470

The large cushion bag is designed for our larger cushion pieces, such as the Ocean Hut, modular sofa sets and Beach Lounge sets. We recommend storing cushions in the bag in a dry place when not required.

Furniture Covers

Our covers are breathable and protect against the build up of dirt and ensure less furniture maintenance is required. The covers come with ties and cords for securing to the furniture. It may be necessary to place an object such as a bucket between the furniture and the cover. This will reduce the amount of sagging and will help the airflow around the furniture.

Olefin & Polyester Cushions

These cushions come with string ties for securing to the furniture.

The fabric is resistant to shrinking and staining. We recommend storing the cushions in a dry environment during wet weather and over winter.

Cushion Cleaning Tips

1. Brush off any loose dirt.
2. Spray the area with our Fabric Cleaner and leave for 10 minutes.
3. Work the solution into the fabric with a damp cloth.
4. Rinse away with cold water.
5. Allow the fabric to air dry.
6. Spray the cushion with our Fabric Protector to prevent future staining and to add a layer of water resistance.

Do not dry clean, iron, steam iron or tumble dry cushions.

Do not use bleach or strong detergents

Scatter Cushions

Personalise your furniture with our vibrant range of scatter cushions to give a pop of colour. Made from 180gsm polyester fabric, cushions come in a choice of 5 eye catching colours.

Bench Engravings

Alexander Rose offers an engraving service with three options: brass plaque, stainless steel plaque and direct engravings onto our furniture. Our brass plaque offers a more traditional look for your inscription. Stainless steel plaques provide a more contemporary look with a silver shine, and they will not rust.

If you are looking for something unique we offer a direct engraving service. Your inscription is carved directly into the timber by a computer-aided engraving machine. A direct engraving will mellow down along with the bench to a silver/grey finish if left untreated.

Furniture Anchors

We have designed two types of anchors for different surfaces, the most common being lawns. Using an Alexander Rose soft ground anchor kit avoids the need for concrete. Installation is quick and easy without any mess.

Our soft ground anchors come with solid brass plates that screw onto the outside legs. These have sleeves to allow the anchors to pass through and penetrate the surface. When an anchor approaches its maximum depth (500mm) a curved fluke is released to grip the bench further into the surface, adding more security. Our hard ground anchors are designed to be used with concrete. They have a maximum depth of 110mm and require a 20mm masonry drill bit to install them.

Fabric Treatments

To keep your cushions looking their best, clean regularly using our Fabric Cleaner. Dampen the fabric, spray the cleaner onto the affected area and leave for 3-10 minutes, allowing it to work its magic. Rinse with clean water and allow to dry. Add a layer of protection once dried, using the Fabric Shield – this adds a layer of water resistance and helps to prevent stains.

Over time, as part of the natural weathering process, cracks and splits will appear in the wood, particularly on the end grain and to a lesser extent on the surface. The drier the wood, the more cracks will appear due to the evaporation of natural oils and minerals from exposure to the elements. As with most hardwoods, this is a normal characteristic for any timber which remains outdoors. Our timber furniture is designed with this in mind and its strength and durability will remain unaffected.

Wooden furniture can be treated with our specially formulated care products to give a beautiful rich finish and enhance the look of the wood.
